Sustainability policy

Home-work travel

Transportation

Our actions

- We use a method that is compliant with international standards to measure our CO2 emissions generated by home-work travel.
- We have a car-sharing system on place.
- We calculate the average number of persons per vehicle to assess the efficiency of our car-sharing system.
- We finance public transportation fees to our staff.

Business travel

Transportation

Our actions

- We centralize business travel accounting for our organization.
- We measure the amount and cost of fuel for each trip.
- We measure the distance per transportation mode for each trip.
- We measure the amount and cost of fuel for each trip.
- We launch awareness-raising campaigns to promote public transportation among our highly-mobile staff.

Goods transportation

Transportation

Our actions

- We always give preference to suppliers who use either piggyback or marine transportation.
- We always give preferences to customers who use either piggyback or marine transportation.
